Detailed Test Report

Test Script Id	Test Script Objective			Result
KPIT_TC_DRT_HFT_015	KPIT_TC_DRT_HFT_015 : To verify outgoing call screen is displayed when Favorite Contact is selected while the Phone basic screen is active			Pass
Function Block [Result]	Command	Expected Result	Actual Result	Status
Set Device to ROBOT MG400 and External Camera Basler [SUCCESS]	SET_DEVICE	Set ROBOT device [MGROBOT] to perform operation	Robot device with deviceId [MGROBOT] is set successfully to perform operation	[Pass]
	SET_DEVICE	Set camera device [camera1] as DUT to perform operations	Camera device is set to perform operation	[Pass]
Go to Homescreen Page1 [SUCCESS]	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	CLICK_BY_IMAGE			[Pass] 1. Image found [with confidence 99.0%], 2. Position identified in image [147.0];[262.0], 3. Robot click performed .
	WAIT	Wait for [500] milliseconds	Wait for [500] milliseconds completed successfully	[Pass]
	CLICK_BY_IMAGE			[Pass] 1. Image found [with confidence 99.0%], 2. Position identified in image [147.0];[262.0], 3. Robot click performed .
Go to Phone from Homescreen [SUCCESS]	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	WHILENOT			[ROI1] [96%] [Pass] Section Found on Screen
	END_WHILE			[ROI1] [96%] [Pass] Section Found on Screen
	CLICK_BY_IMAGE			[Pass] 1. Image found [with confidence 97.0%], 2. Position identified in image [667.0];[401.0], 3. Robot click performed .
Wait till Phone Basic Screen is Displayed [SUCCESS]	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	WHILENOT			[ROI1] [98%] [Pass] Section Found on Screen
	END_WHILE			[ROI1] [98%] [Pass] Section Found on Screen
Remove First Favourite Contact from Phone Basic Screen if Contact is Already Added [SUCCESS]	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]

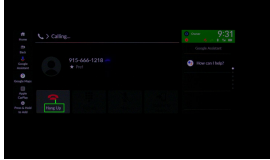

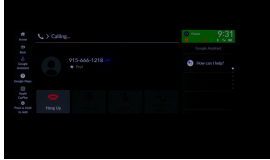

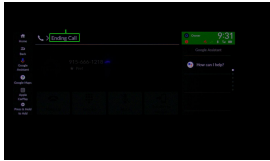

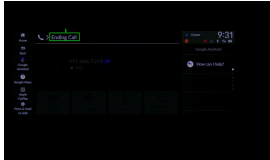

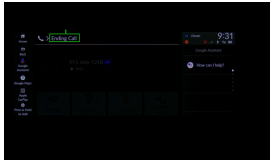

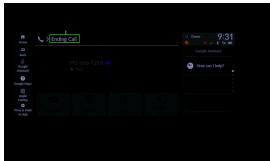

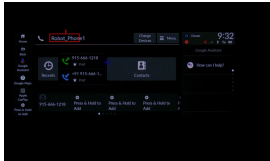

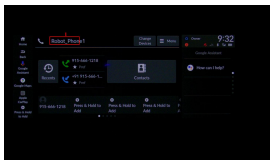

Result : ■ Pass ■ Statement is not considered for result evaluation(loop and conditional statements)
■ Fail ■ Statement is executed asynchronously
■ Verify Manually

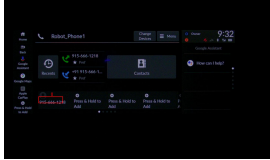

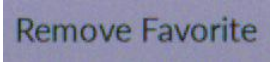

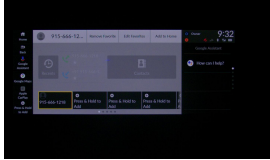

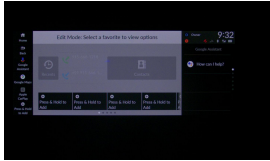

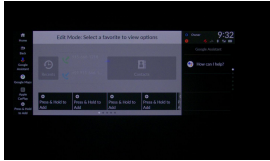

Test Script Id	Test Script Objective			Result
KPIT_TC_DRT_HFT_015	KPIT_TC_DRT_HFT_015 : To verify outgoing call screen is displayed when Favorite Contact is selected while the Phone basic screen is active			Pass
Function Block [Result]	Command	Expected Result	Actual Result	Status
	IFNOT	OCR_VERIFY_TEXT_BY_RECT shall FAIL		[ROI1] [Pass] Text Verified Successfully Detected Text: Press & Hold
	ENDIF	NA		[ROI1] [Pass] Text Verified Successfully Detected Text: Press & Hold
Press and Hold First Favorite Contact on Phone Main Screen [SUCCESS]	LONG_PRESS	Perform Long Press on co-ordinates [360.0];[752.0]	Successfully performed long press on co-ordinates [360.0];[752.0]	[Pass]
Select Keypad on Add Favorite Screen [SUCCESS]	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	CLICK_BY_IMAGE			[Pass] 1. Image found [with confidence 97.0%]. 2. Position identified in image [1146.0];[603.0]. 3. Robot click performed .
Dial Phone2 Number on Keypad Screen [SUCCESS]	DEFINE	Define Variable [\$Phone2Number]	Defined Variable [\$Phone2Number]	[Pass]
	GET_DATA_FROM_FILE	Get data from [Bench_Configuration.xlsx] Excel file	Successfully fetched the value [9156661218] of variable [Phone2Number] from the [Bench_Configuration.xlsx] file	[Pass]
	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	DIAL_PHONE_NUMBER	Performed Dialed phone number operation	Successfully dialed phone number	[Pass]
Select Enter on Phone Keypad Screen [SUCCESS]	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	CLICK_BY_IMAGE			[Pass] 1. Image found [with confidence 94.0%]. 2. Position identified in image [1164.0];[725.0]. 3. Robot click performed .
Validate First Favourite Contact Added Phone Main Screen [SUCCESS]	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	WHILE			[ROI1] [0.0%] [Fail] Section not found on Screen
	END_WHILE			[ROI1] [0.0%] [Fail] Section not found on Screen
	WHILE			[ROI1] [97%] [Pass] Section Found on Screen
	WAIT	Wait for [500] milliseconds	Wait for [500] milliseconds completed successfully	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	END_WHILE	NA	NA	[Pass]
	WHILE			[ROI1] [97%] [Pass] Section Found on Screen
	WAIT	Wait for [500] milliseconds	Wait for [500] milliseconds completed successfully	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]

Result : ■ Pass ■ Statement is not considered for result evaluation(loop and conditional statements)
■ Fail ■ Statement is executed asynchronously
■ Verify Manually

Test Script Id	Test Script Objective			Result
KPIT_TC_DRT_HFT_015	KPIT_TC_DRT_HFT_015 : To verify outgoing call screen is displayed when Favorite Contact is selected while the Phone basic screen is active			Pass
Function Block [Result]	Command	Expected Result	Actual Result	Status
	END_WHILE	NA	NA	[Pass]
	WHILE			[ROI1] [97%] [Pass] Section Found on Screen
	WAIT	Wait for [500] milliseconds	Wait for [500] milliseconds completed successfully	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	END_WHILE	NA	NA	[Pass]
	WHILE			[ROI1] [97%] [Pass] Section Found on Screen
	WAIT	Wait for [500] milliseconds	Wait for [500] milliseconds completed successfully	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	END_WHILE	NA	NA	[Pass]
	WHILE			[ROI1] [30.0%] [Fail] Section not found on Screen
	END_WHILE			[ROI1] [30.0%] [Fail] Section not found on Screen
	IF			[ROI1] [90%] [Pass] Section Found on Screen
Select First Favorite Contact on Phone Screen [SUCCESS]	RETURN_FUNCTION_BLOCK_PASS	Breaks currently executing function block and marks function block as pass. Remaining function block commands does not execute	Return function block pass completed successfully	[Pass]
	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	WHILENOT			[ROI1] [91%] [Pass] Section Found on Screen
	END_WHILE			[ROI1] [91%] [Pass] Section Found on Screen
Validate Outgoing Call Screen [SUCCESS]	CLICK	Click On X[360.0]: Y[752.0] co-ordinates	Successfully clicked on X[360.0]: Y[752.0] co-ordinates	[Pass]
	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	WAIT	Wait for [1000] milliseconds	Wait for [1000] milliseconds completed successfully	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	OCR_VERIFY_TEXT_BY_RECT	Extract text from image using OCR and verify expected text [Calling...] for ROI1 [358;246;169;64]		[ROI1] [Pass] Text Verified Successfully Detected Text: Calling...

Result : ■ Pass ■ Statement is not considered for result evaluation(loop and conditional statements)
■ Fail ■ Statement is executed asynchronously
■ Verify Manually

Test Script Id	Test Script Objective			Result
KPIT_TC_DRT_HFT_015	KPIT_TC_DRT_HFT_015 : To verify outgoing call screen is displayed when Favorite Contact is selected while the Phone basic screen is active			Pass
Function Block [Result]	Command	Expected Result	Actual Result	Status
	OCR_VERIFY_TEXT_BY_RECT	Extract text from image using OCR and verify expected text [Hang Up] for ROI1 [314;797;150;62]		[ROI1] [Pass] Text Verified Successfully Detected Text: Hang Up
End Outgoing Call from ICB [SUCCESS]	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	CLICK_BY_IMAGE			[Pass] 1. Image found [with confidence 89.0%]. 2. Position identified in image [381.0;][760.0]. 3. Robot click performed .
Wait till Active Call Ends on BT Active Call Screen [SUCCESS]	RESETARM	Reset Arm successfully executed.	Reset Arm successfully executed.	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	WHILE	OCR_VERIFY_TEXT_BY_RECT shall PASS		[ROI1] [Pass] Text Verified Successfully Detected Text: Ending Call
	WAIT	Wait for [300] milliseconds	Wait for [300] milliseconds completed successfully	[Pass]
	IMAGE_GRAB	Grab the image from connected DUT with image name as [GrabbedImage.png]	Successfully grabbed image from connected DUT with image name as [GrabbedImage.png]	[Pass]
	END_WHILE	NA	NA	[Pass]
	WHILE	OCR_VERIFY_TEXT_BY_RECT shall PASS		[ROI1] [Pass] Text Verified Successfully Detected Text: Ending Call
	WAIT	Wait for [300] milliseconds	Wait for [300] milliseconds completed successfully	[Pass]
